Kim Mathers's Courtroom Makeover!

Will the real **Kim Mathers** please stand up? When Mathers, 28, **Eminem's** ex-wife, pleaded not guilty July 1 to felony cocaine possession and two driving violations in Michigan, her style went from shady (think dark lip liner, tomboyish duds and a perma-scowl) to soccer mom. "Kim is obviously trying to show she's a responsible mother [to **Whitney**, 1, and **Hailie**, 7]," says stylist **Danna Weiss**, who has worked with **Molly Sims** and **Jamie-Lynn Sigler**. "The heart necklace and bows on her shirt are dead giveaways she's revamping her hard look." The verdict on Mathers's makeover? "A jury will judge her on appearance," says Weiss of Mathers, who is due in court September 9 and faces up to five years in jail if convicted. "So let's hope she adopts this look." JG
